2. So far two cylindrical fuel tanks each measuring 200 meters by 11 meters have been constructed. Work is also in progress on a branch railroad line leading from Vapenny Podol (N 49-53, E 15-40) railroad station into the area of the fuel store. A short tunnel is also being built for this line. The valley of the stream flowing south-north through the area is being filled with the earth from underground installations.
3. The area is fenced by a high wooden fence with watch towers and is guarded by troops. The fence is marked with notices: State Forest Administration - Entry Forbidden.
4. According to local inhabitants the dump will be used to store fuel for the Pardubice and Caslav airfields.

Comment: Probably a misprint for 20 meters.
